# FISCAL YEAR 2023 PARAMOUNT CITY COUNCIL

- ♦ VILMA CUELLAR STALLINGS, MAYOR
- ♦ ISABEL AGUAYO, VICE MAYOR
- ♦ LAURIE GUILLEN, COUNCILMEMBER
- ♦ PEGGY LEMONS, COUNCILMEMBER
- ♦ Brenda Olmos, Councilmember

JOHN MORENO, CITY MANAGER

The Budget is prepared under the direction of the City Manager by the Finance Department.

In early spring of each year, operating departments are directed to submit budgetary requests to the Finance Department for verification and compilation. While expenditure requests are being prepared, projections of revenues for the year are developed. The requests and projections are presented to the City Manager.

The City Manager reviews the expenditure requests and revenue projections, makes necessary deletions and additions, and recommends a budget to the City Council.

The preparation of this budget is made possible by the efforts of the Finance staff.

## CITY MANAGEMENT TEAM

Andrew Vialpando, Assistant City Manager
John Carver, Planning Director
Adriana Figueroa, Public Works Director
David Johnson, Community Services Director
Margarita Matson, Public Safety Director
Kim Sao, Finance Director

The <u>City of Paramount</u> was incorporated January 30, 1957, under the general laws of the State of California and enjoys all the rights and privileges pertaining to "General Law" cities. The City operates under a Council-Manager form of government and is considered a "contract city" since it provides some of its municipal services through contracts with private entities or other governmental agencies.

## CITY COUNCIL/COMMISSIONS

The City Council is composed of five members who are elected by the voters of Paramount for four-year, overlapping terms. Each year, the City Council chooses a Mayor and a Vice Mayor from among its members whose responsibilities are to chair Council meetings, attest to the official actions of the City, and otherwise represent the City. The City Council establishes policy direction for the City; approves ordinances, resolutions, and contracts; and appoints the City Manager and City Attorney.

With the approval of the City Council, the Mayor appoints five commissions (Planning, Public Safety, Parks & Recreation, Public Works, and Senior Services) which serve as advisory bodies to the City Council. These commissions review issues within their respective areas and make recommendations for the City Council's consideration.

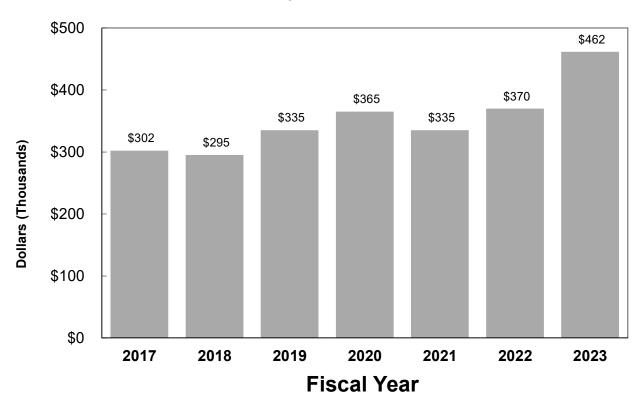

Below is a chart showing the organization of the City Council and its commissions. A department summary combining all activities is shown on the next page. A detailed description of the activity can be found on the following pages.

## **Full-Time Position Summary**

#### City Council

The City Council is the City's policy making body. It provides direction for all City programs, such as planning and economic development, police protection, water service and delivery, street maintenance, park maintenance, and capital improvement programming.

The City Council conducts monthly public meetings for the purpose of taking formal actions. The Council approves ordinances, resolutions, contracts, and City expenditures. It provides liaison to elected representatives of the state and federal government, and represents the City at formal public events.

In addition, the City Council approves all appointments to City commissions, presents proclamations and special awards, approves specialized permit requests, appoints the City Manager and City Attorney, and approves the City's budget.

# Planning Commission

The Planning Commission makes recommendations to the City Council in regards to planning and development issues.

The Commission conducts one monthly meeting during which it also serves as the City's Development Review Board and Economic Development Board.

The Commission reviews all conditional use permits, variances, land divisions, plot plans, and zoning ordinance amendments.

Approximately 60 applicants for these types of activities will be reviewed during the year.

The Development Review Board reviews exterior design of all proposed development in the City except for homes in the R-1 zone. Approximately 30 site development plans will be reviewed by the Board in the coming year.

# **Public Safety Commission**

The Public Safety Commission is an advisory board which makes recommendations to the City Council regarding such topics as police services, City public safety programs, and other issues which the City Council may refer to the Commission. The Public Safety Commission also acts as a forum to consider residents' concerns regarding law enforcement issues.

The Public Safety Commission conducts one regular meeting per month and also acts as the Board of Appeals for Code Enforcement cases that are appealed by residents or business owners. The Board of Appeals only meets when necessary to hear a case, usually twice per year.

## COMMUNITY PROMOTION

The Community Promotion activity provides direct support to various segments of the community by funding special activities, events, and celebrations, and supporting local athletic and community groups. Funds are also provided by the City Council for activities designed to establish effective relationships with the business, private, and public sectors of the community.

During the year, for example, the Community Promotion Program will sponsor community-oriented promotional events such as luncheons, faires, athletic events, holiday celebrations, and other events.

As shown below, the Community Promotion Program is organized into a single activity. A detailed description of this activity can be found on the following pages.

# **Community Promotion**

The Community Promotion activity provides a positive public relations program for the City by promoting and supporting special services, programs and events, celebrations, and local sport and community groups.

During the year, the Community Promotion Program will co-sponsor a Senior Thanksgiving Dinner, in which approximately 600 senior citizens will participate, and the annual Christmas Train which will visit approximately 50,000 residents. This year's budget also includes the publication of three issues of the City Newsletter.

This program also includes funding for approximately 15-20 community groups and services.

#### Human Resources

The Human Resources Division recruits, tests, selects, and provides training for all City employees and is responsible for the administration of the employee benefit program.

During the average fiscal year, the Division will recruit for approximately 125 positions by placing approximately 50 job announcements in various publications. From these announcements, over 2,000 applications are received. Each application is thoroughly reviewed and qualified applicants are invited to continue in the selection process, during which the division will administer 750 written tests and 550 oral interviews to applicants. More than 7,000 pieces of correspondance will be sent to job applicants.

The Division prepares reports and analyses of employee salaries and benefits, administers the employee medical insurance program, and is responsible for position classification studies.

## Finance Administration

The Finance division is responsible for all accounting, cashiering, financial planning, and investment activities of the City. It accounts for all financial transactions of the City and Successor Agency, administers the City's investment portfolio, and manages all debt issues. The Division is also responsible for projecting long-term financial conditions, coordinating annual audits by various agencies, and preparing the City's budget and Comprehensive Annual Financial Report (CAFR).

With day-to-day financial transactions, this Division is responsible for accounts payable, accounts receivable, payroll and other finance subsystems. Annually, this division receives and process over 7,500 requests for payments, issues over 8,000 payroll checks, and prepares and sends out over 300 invoices. Each year, this Division provides accounting for approximately \$80 million in revenues and expenditures, and prepares over 75 reports to various state and federal agencies. In addition to overseeing over 30 different grants and restricted revenue sources, the Division also coordinates inventory management for the Water Department and the City's general fixed assets.

## Customer Service

The Customer Service Division, which is located in the City Hall lobby, provides public information and referral service to visitors of City Hall. This Division acts as the City's primary cashiering location and collects most of the fees which are administered by the City.

The Division processes most of the City's licenses and permits which includes the issuance, renewal, and file maintenance of approximately 3,300 business licenses and 3,900 animal licenses. In addition, the Division issues approximately 650 miscellaneous permits; accepts payment for approximately 5,000 parking citations; and provides assistance to approximately 150 people each day who visit or telephone the front counter for information.

The Division handles all incoming and outgoing City mail. Approximately 95,000 pieces of incoming mail are sorted, date and time stamped, opened, and delivered to City departments.

#### Water Billing

The Water Billing Division is responsible for operating the customer billing system. The Division is located in the City Hall lobby and provides water customer services by issuing water bills, updating customer files, and responding to customer inquiries.

The Division maintains all billing and payment records on approximately 7,500 water service accounts, issues 45,000 water bills, and will receive more than 45,000 water payments. It is anticipated that approximately 15,000 (33%) past due notices will be mailed, 5,000 (11%) turn-off notices will be hung at the service addresses, and 450 water accounts will be turned off due to non-payment.

The Division will respond to approximately 18,900 customer inquiries regarding service and billing information.

# Municipal Support

The Municipal Support activity contains costs budgeted for equipment and services which are used on a City-wide basis. This activity includes costs, for example, for City-wide telephone communications; electricity, water, and natural gas used at City buildings and parks; City-wide postage costs; rental and maintenance charges for centralized business equipment such as copiers, word processors, and computers; and liability and property insurance covering the City's over \$60 million in real and personal property. These acitivities also budget for the City's computer and communication systems including local area networks, telecommunications, and central City telephone operations.

### PLANNING

The Planning Department is responsible for the administration of the City's development process, including residential, commercial, and industrial uses. The department performs current and long range planning; enforces zoning and building codes; reviews site and development plans; issues building, electrical, grading, mechanical, and plumbing permits; provides technical support to City departments; and provides staff support and analyses to the City Planning Commission. The department administers the Home Improvement Program which provides rebates to Paramount residents for upgrading deteriorated properties and correcting code violations.

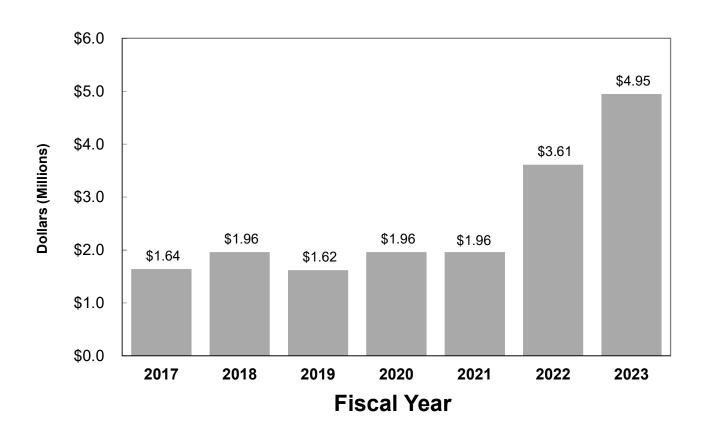

Below is a chart showing the department's activities. A department summary combining all activities is shown on the next page. A detailed description of the activity can be found on the following pages.

# **Full-Time Position Summary**

# Planning Administration

The Division administers the City's current and long range planning programs, monitors all relevant County and State legislation, surveys current land use, and updates the City Zoning Code and General Plan.

Approximately 150 site plans and proposed developments are reviewed yearly to assure compliance with local zoning design requirements. The Division provides staff support to the Successor Agency for the Paramount Redevelopment Agency, City Planning Commission, Development Review Board, and the Economic Development Board. This year the Division plans to process over 3 zone changes, 30 conditional use permits, and 8 zone variances.

#### **Building & Safety**

The Buidling & Safety Division enforces the City's building, plumbing, and electrical codes, which includes the review of building plans, issuance of construction permits, and inspection of construction.

The Division annually checks 305 construction plans to ensure conformance with the City's building codes. This examination involves a careful review of the plans and may include structural analysis, energy calculation analysis, and review for handicapped access. The Division also issues more than 400 building permits, 184 plumbing permits, 301 electrical permits, and 233 other development-related permits each year. These permits are required before any construction may legally occur within the City. Once the permits are issued, the Division conducts more than 3,600 on-site construction inspections to verify that local building codes are being followed.

In addition to the services provided to the development community which are mentioned above, the Division also performs inspection for the Residential Rehabilitation Program.

## PUBLIC SAFETY

The Public Safety Department provides City residents with services for the protection of life and property. It includes coordination, liaison, and monitoring of services provided by the Los Angeles County Sheriff's Department, the Los Angeles County Fire Department, Los Angeles County Probation and District Attorney's Office and the Southeast Area Animal Control Authority. These organizations provide general law enforcement, fire and rescue services, and animal control. Supplemental law enforcement services are provided through the City's Community Service Officer (CSO) Program, and operation of the Paramount Sheriff's Station. In addition, code enforcement, crossing guard protection for school children, enforcement of local parking regulations, coordinating Neighborhood Watch activities with residents and administration of the City's Civil Defense/Emergency Plan are provided under this function.

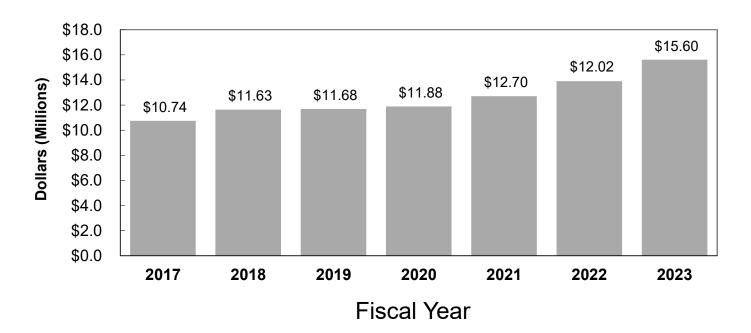

Below is a chart showing the department's activities. A department summary combining all activities is shown on the next page. A detailed description of the activity can be found on the following pages.

## **Full-Time Position Summary**

#### Public Safety Administration

The Division coordinates and monitors services provided by the Los Angeles County Sheriff's Department. The Division also administers the City's Emergency Preparedness and neighborhood preservation programs, as well as the Community Service Officer (CSO) and Code Enforcement programs.

The Division acts as a liaison between the City and the Los Angeles County Fire Deparment. The City is serviced by one fully equipped fire station which responds to approximately 115 fire and miscellaneous calls and performs approximately 3,956 rescues and 528 fire code inspections yearly.

The Administration Division is responsible for developing and coordinating the City's Emergency Response plan with the Area E Disaster Services Board.

The Division also provides 2,080 hours of Public Safety Management Analyst service to promote positive relations between community groups, the general public, and Sheriff's Deputies via the Neighborhood Watch organization.

# Sworn Patrol

The Division provides sworn law enforcement services via the Los Angeles County Sheriff's Department. The City contracts for "dedicated law enforcement", which allows for a regular group of deputies to work in Paramount for extended periods. The Division also includes Aero Bureau services.

The Sheriff's Department provides approximately 42,000 man-hours of sworn police protection, 4,024 hours of traffic enforcement and supplemental patrol to address "quality of life" issues and crime prevention.

The City supplements law enforcement services by contracting dedicated services for a Deputy District Attorney and a Detective Bureau Consultant.

# Parks and Playgrounds

The Parks & Playgrounds Division manages activities at the City's six major parks, three neighborhood parks, one mini-park and thirteen playgrounds.

Parks & Playgrounds operates a Summer Day Camp which provides recreation activities for youth during the summer break from school.

The Division also works in coordination with the Paramount Unified School District to operate a free summer food and recreation program at 14 school district sites during the summer.

The Division conducts annual special events such as the Eco-Friendly, Heritage Parade, Summer Concerts, Halloween Carnival, Tree Lighting, Santa Train, and Breakfast with Santa.

#### **Elderly Nutrition**

The Elderly Nutrition Program provides nutritionally balanced meals to senior adults in group settings and home delivered meals to home-bound seniors. This service is provided through a contract with Human Services Association.

The Division serves approximately 46,000 nutritionally balanced meals during the year. Approximately 26,000 of these meals are served in a group setting while another 20,000 meals are home delivered to home-bound seniors throughout the year. Over 3,000 participants take part in social and educational activities such as exercise classes, bingo, craft classes, art, movie days and excursions.

# **Community Transportation**

The Community Transportation Division administers the City's various transit programs. The City contracts with Long Beach Transit to provide fixed route bus services in town. The City also contracts with Fiesta Taxi to provide out-of-town medical transit trips for the elderly and disabled. Fiesta Taxi also provides in-town services for the elderly and disabled for trips to the City's Senior Center, government offices, shopping centers, and medical offices.

The Division also provides transit services for college-age residents through the Paramount University Pass program that provides free use of Long Beach Transit and Metro bus lines traveling to area colleges & universities.

The Division also provides support for various recreation transit needs.

This Division is funded through Proposition A Transit Tax Funds.

### Public Works Administration

The Administration Division sets policies and standards for the upkeep, maintenance, and repair of all public infrastructure improvements and systems, including water production and delivery, road maintenance, park and building maintenance, vehicle and equipment maintenance, and contract management.

The Division prepares and monitors the department's budget and performance standards, and prepares special reports for the City Council and the Public Works Commission. The Division establishes goals, policies and procedures; provides long range public works planning; and conducts employee safety training.

The Division also coordinates the department's response to over 2,000 citizen requests each year.

# Facility Maintenance

The Facility Maintenance Division maintains approximately 130,000 square feet of building space, including structures at City Hall, Paramount Park, Progress Park, Spane Park, the City Maintenance Yard, Firehouse Activity Center, Dills Park, Orange Splash Zone, All-American Park, six public fountains, one public swimming pool and various art pieces throughout the City.

The Division performs all of the City's routine carpentry work including the installation of doors, windows and walls; fabrication of signs; construction of structures for special City events, such as stages and booths; construction of small storage and utility sheds; painting of all City buildings; repair of ceilings and roofs; and restoration of office furniture. The Division also repairs and maintains the City's radio, public address, air conditioning, heating, lighting and plumbing systems. The Division is also responsible for daily removal of graffiti city wide.

The Division repairs plumbing leaks and cleans clogged sewer lines and eliminates other plumbing problems for the City's 35 restrooms and 50 drinking fountains. In addition, on a daily basis, the Division monitors the chemical composition of the water at City pools and checks for malfunctioning equipment at City pools and fountains.

# Landscape Maintenance

The Landscape Maintenance Division maintains 50 acres of park turf and 15 acres of landscaped traffic medians, setbacks and other areas. The maintenance of these areas requires edging, irrigation, mowing, aerating and fertilization of turf. Additionally, trash, leaves and graffiti are removed from parks on a daily basis.

In an average year, this division plants 3,500 shrubs, sows 1,500 pounds of grass seed, spreads 6,600 pounds of fertilizer and sprays 50 gallons of insecticide and herbicide.

The Division is also responsible for monitoring the City's tree trimming and median mowing contracts, maintenance of all trees located in City parks, and installing and replacing over 50 street banners each year to advertise major community events.

### **Sustainability**

With the adoption of the City's first Climate Action Plan (CAP), the Sustainability Division's goal is to use the CAP's adopted strategies in order to create a more sustainable and climate adaptive community. The Sustainability Division will implement programs and activities designed in alignment with the City's sustainability goals.

The Sustainability Division will work to integrate its objectives within the Public Works Department's existing duties and standards for the upkeep, maintenance, and repair of all public infrastructure improvements and systems, including water production and delivery, road maintenance, park and building maintenance, and contract management.

The Sustainability Division prepares reports to be presented at the City Council and Public Works Commission meetings. This Division will also oversee the implementation of all environmental programs, including but not limited to those required by CalRecycle such as SB1383, AB1826, AB341, AB939, among others.

### Road Maintenance

The Road Maintenance Division maintains the City's 72 miles of streets and alleys. It is also responsible for monitoring the street sweeping contract with California Street Maintenance and the sewer and storm drain maintenance with the Los Angeles County Department of Public Works.

The Division prepares designated streets for slurry seal, patches potholes and makes minor street repairs. Each year, the Division spreads 500 tons of asphalt on City streets; sweeps streets for special events; applies 1,000 gallons of paint to mark 32,000 linear feet of curbs, crosswalks and other street markings; repairs or replaces over 500 street and traffic signs; and pours 150 cubic yards of concrete for replacement sidewalk curbs gutters and driveway aprons.

The Division grades parkland areas; pumps flooded streets; manages the contract with the City of Santa Fe Springs for the maintenance of the City's 52 signalized intersections; and supervises sidewalk, curb and gutter contracts.

The Division responds to more than 750 citizen inquiries regarding street and sidewalk repairs and removal of debris from the public right-of-way.

#### **Engineering**

The City's engineering services are provided through a contractual arrangement with Wildan Associates.

The Division provides engineering services to all City departments which includes general engineering, assistance with development of grant applications, administration of assessment districts and traffic engineering studies. In addition, the Division processes approximately 10 parcel and tract maps during the year which are required by private development. This Division also coordinates updating the house numbering map and the zoning map.

The Division provides, through an agreement with the Los Angeles County Engineer, inspection services for industrial wastes and also updates all public right-of-way substructure maps to record any new additions or deletions to the underground master plan.

In addition the division is responsible for Stormwater management utilizing both consulting services for inspections and plan preparation as well as participation in regional watershed group programs. This division also oversees the Solid Waste and recycling program requirements.

### Water Production

The Water Production Division maintains the City's metered connections to the Metropolitan Water District (MWD) water supply and operates the City's water wells which extract water from underground aguifers.

The Division's three active wells will extract approximately 5,900 acre feet of ground water or approximately 95% of the water used by municipal water customers. The two MWD connections will supply approximately 200 acre feet or about 5% of the water sold to customers. All five water production facilities are checked daily.

The Division also monitors the quality of water by collecting and analyzing samples on a regular basis. For example, 900 bacti samples will be checked for potentially dangerous bacteria and 900 general physical samples will be checked for pH (acidity/alkalinity), color, taste and suspended particles. Any conditions likely to create potential problems are corrected immediately.

The Division also conducts cross-connection control inspections. These inspections are designed to prevent the entrance of contaminated or hazardous material into the City's water system from private consumer's lines.

# Water Distribution

The Water Distribution Division maintains 126 miles of water lines which make up the City's water ransmission and distribution system. This system carries water from the City wells and from the Metropolitan Water District connections to City residences and businesses.

Annually, the Division repairs approximately 150 system leaks, repairs and paints 1,000 fire hydrants, installs approximately 20 fire hydrants, paints all valve lids and air vacs and installs approximately 50 new water services. In addition, the Division opens and closes more than 1,000 main line valves once each year to ensure their free movement and opens the City's 1,000 fire hydrants once each year to remove sediment from the water lines.

The Division also tests fire hydrants for proper levels of fire flow and assists the County Fire Department and land developers with fire flow

# Water Customer Service

The Customer Service Division reads and maintains 7,500 water meters which record the amount of water each customer uses.

This year, over 42,900 water meter readings will be taken, approximately 500 meters will be replaced and more than 100 meters will be tested and repaired. Approximately 1,500 service connections and terminations will be made and more than 600 customer inquiries regarding service delivery will be handled.

In addition, the Customer Service Division assists the Water Production Division with the production of water, the maintenance of water wells and water connection valves and the monitoring of water quality.
